Before School ■ After School ■ Vacation Care

WHY CHOOSE MUELLER COLLEGE OSHC?

Mueller College OSHC strives to provide high quality care in a safe and secure environment, where students are able to explore their world and discover new things.

We aim to extend your child's growth beyond the classroom and allow them to have a home away from home.

BEFORE SCHOOL CARE

Before School Care is located in the OSHC facility by the Secondary oval and is open from 6am. Students may bring breakfast with them to have before school.

At Before School Care students can have a relaxing start to their day, with games, toys and craft available.

Students will be escorted to their rooms in time for class to start at 8:25am unless parent permission has been given for early release to walk to class independently.

AFTER SCHOOL CARE

After School Care is held every school day from 3pm - 6pm.

At After School Care students have time to play outdoors. Indoors they have access to art and craft, books, toys, various board games, iPads and gaming consols. Educators will also provide daily organised activities.

Students are expected to bring their own food for afternoon tea however fruit is available if they require something extra.

Students are also given time to independently work on homework if needed.

OSHC is positioned near the Secondary oval, however students in Prep - Year 2 will be collected from their classrooms.

VACATION CARE

Vacation Care is held over the school holidays and on pupil free days from 6am - 6pm. The service closes on public holidays and for two weeks over the Christmas break.

Vacation Care gives the students opportunities to be involved in great activities including cooking and excursions. A wide variety of toys and resources are also available.

Food is not provided during Vacation Care except when a programmed event includes lunch, however all excursions and activities are included in one set price.

OSHC STAFF 2024

All our staff at Mueller College OSHC are dedicated to creating a fun and safe environment for your child. Many are working on completing teaching degrees, certificates and Diplomas in Children's Services and also health related industries.

The educators strive to provide each student with opportunities to develop their interests and explore the world around them through many different activities and experiences.
